

Currently, our online outage reporting tool is not updating properly – and outage numbers on the automated system do not reflect current outages and customers restored. Until this is correct, we will provide updated outage numbers through our online channels: news releases, Facebook and Twitter. We apologize for any inconvenience.

As of 11 p.m. Monday, more than 99 percent of Irma-related outages have been restored in the following counties: Alachua, Bay, Brevard, Citrus, Columbia, Dixie, Flagler, Franklin, Gilchrist, Gulf, Hamilton, Hernando, Hillsborough, Jefferson, Lafayette, Leon, Levy, Madison, Marion, Orange (excluding the area mentioned above), Osceola, Pasco, Pinellas, Sumter, Suwannee, Taylor and Wakulla. We will continue to work on isolated and scattered outages until all customers are restored.
